Allowable Subject Matter

1. Claims 1, 4-21 and 23-29 are allowed.

Claim 1 is allowable. The reason for allowance is that the prior art of record fails to disclose or reasonably suggest characterized in that the positive or negative polarity electrode board can be composed of other low impedance materials, and as part of which the current pool terminals for input/output purposes can be provided singly or plurally, on a single side or on more than one side. It is these features found in the claim, as they are claimed in the combination, which has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Claims 4-21 and 23-29 are allowed due to their dependency on claim 1.

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lawrence W Luk whose telephone number is (571)272-2080. The examiner can normally be reached on 7 a.m. to 5 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry can be reached on (571)272-2084. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
